Reliable Health Information for the French-speaking Swiss Public

- Directory of health professionals
- Diseases and conditions
- Health centers and Clinics
- Medical Associations
- Official organizations
- Life situations

SanteRomande.ch

Created for citizens living in the French speaking part of Switzerland, SanteRomande.ch is a catalogue of selected trustworthy health resources offering reliable and quality information on a disease, on where to find a health/medical association, a health professional or a hospital, on current medical news, and more.

The selection of the sites in SanteRomande.ch is based on their adhesion to the eight HONcode principles.
